OUR SOLUTIONS

Sound Systems

Access Control

Networking

**Touch Glass
Switch**

**Smart Tinted
Glass**

We provide our services for any type of:

- Residential.
- Corporate.
- Industrial.

AUTOMATION

Control "Anything" from "Anywhere"!

Our automation system will give you full control of your home, office, or any property by a user-friendly tablet, smartphone or even by voice control!

With a simple click or a "word", you'll be able to easily control:

- Lighting.
- Water heater.
- Floor heating.
- Air conditioning.
- Shutters.
- Curtains.
- Music.
- Home theater.
- Alarm systems.

SMART VIDEO PHONES

Our advanced videophone combines between elegance, intelligence and innovation like no other!

Having the following:

- Luxurious Outdoor Tamper Glass Touch Screen Panel.
- Classy Outdoor Numbers Panel.
- Elegant Indoor 7" or 10" Full Touch Tamper Glass Screen. (Android and Linux)

Some of the System Features:

- Ability for Mobile Phone Communication with the Videophone to Answer, Monitor, Unlock the Door, and Open the Parking Gate. (Subscription Fees)
- Control your Home Automation System Using your Videophone Monitor.
- Access Control To Unlock The Door By Face Detection, Password, Card, or Mobile Phone instead of Searching for the Correct Key.
- 3 Doors / Gate Control. (Ability to Add an External Gate to open it from Home)
- Apartment-to-Apartment Call.
- Apartment to Apartment Text Message.
- Automatically Screenshot Saved when a Call is Being Made if No One at Home you Can Check When you Come Back.
- Monitor and Take Screenshots Manually.
- 1 Outdoor Unit can Link more than 2,000 Apartments.
- Elevator Calling Function.

SECURITY CAMERAS

Safety first!

From basic to advanced, TechVision offers you a wide variety of CCTV cameras, having plenty of features such as:

- Smart Video Playback.
- Smart Detection.
- Smart Auto-tracking.
- Motion Detection Notification.
- Motion Detection Alarm Trigger, etc...

ALARM SYSTEMS

Secure your properties!

A diversity of alarm systems will contribute in the protection of your property.

Alarms will be activated and you will receive a notification on your smart phone, once sensors detect any of the following:

- Intrusion. (Motion)
- Smoke.
- Heat.
- Door/Window Opening.
- Water Leakage.

ADVANCED TELEPHONY

Advanced telephony is an added value for any company and business owner offering the following benefits:

- Make charge free local phone calls (Home/Company) via smartphone.
- Use your Home / Company landline while you are away (charge free calls) through your smartphone.
- Record all your incoming / outgoing phone calls.
- Make conference calls.
- Assist your employees by listening to the conversation without the client's knowledge.
- Listen to employees' calls without their knowledge.
- Broadcast voice messages to all or specific departments.

SOUND SYSTEMS

Listen to the music you like the way you like!

Through your Wi-Fi and from anywhere inside your Home / Company you'll be able to listen and control music by your mobile phone, remote control or even by your own voice.

Taking advantage of the new Multi-Zone feature, you will be able to listen to the same or different music in every room.

ACCESS CONTROL

Control entrances and exits!

Whether by Face Detection, Fingerprint, Code, Card, or even by your mobile phone, FBI certified and plenty of other trusted access control devices will grant you the opportunity to:

- Record your employees' attendance.
- Stop any unallowed entrance or exit!

NETWORKING

Looking for a stable Freezing-free network with a neat infrastructure in your Home / Company?

TechVision can professionally provide you with:

- Servers. (File Servers, Print Servers)
- Strong High range Wi-Fi without disconnections even when moving from a floor to another.

TOUCH GLASS SWITCH

Standard buttons are old fashion! With the new touch glass switches, you can add elegance and luxury to your rooms.

We proudly have the quality that will satisfy you!

- Touch Tampered Glass.
- Dust Proof.
- Splash Proof.
- Fire Proof.
- Scratch Proof.

SMART TINTED GLASS

*Your privacy is
a simple click away!*

Within milliseconds
Smart Tinted Glass can
switch its color and
shade from transparent
to opaque in order to
block the penetrating
light and even isolates
you from everything
around.
